

FUERTE LIVE

2020 Special
Covid-19

Play, share, move, smile...
LIVE!

This year at Fuerte Hoteles we'll carry on enjoying our Fuerte Live entertainment programme with its four categories: Fuerte Live Play, Fuerte Live Share, Fuerte Live Move and Fuerte Live Smile. To achieve this, we're working hard to adapt the programmes to comply with the health measures recommended by the Ministry of Health. Information about how we're going to do this in two major areas can be found below:

ORGANISATION:

- We will increase the number of entertainment workers at Fuerte Live Play.
- The number of activities in all categories will remain the same, using **open air spaces**.
- We will decrease the Guest/Entertainment worker ratio in all categories.
- We will set different open air meeting points to **avoid overcrowding**.
- Any **material** that we use will be **sanitised** before and after each activity.
- Our Fuerte Play Elementary, Forti Disco and Forti Cinema activities will remain unchanged...

COMMUNICATION:

- All information will be available on screens, posters and our Konvoko App, which will be essential for accessing information from all mobile devices.
- At check-in you will be given information about all the organizational and safety measures for enjoying the Fuerte Live programme.
